

Technical Sheet - Produktblad Carry Hot

Product Specification PDF | Area: Stainless Steel Drainage Systems

Article / Code: ART-83750

Date: 2026-08-03

Status: Verified Product PDF

Compliance: EN 1433 / EN 858 / EN 124 / ISO 9001

Language: Swedish / English

PRODUCT DESCRIPTION & APPLICATION

Technical documentation and official specification for Technical Sheet - Produktblad Carry Hot. High quality product manufactured for heavy-duty drainage applications.

Built with highest engineering standards, ensuring high load capacity, frost & chemical resistance.

Suitable for civil engineering, industrial facilities, public infrastructure, and modern architecture.

Technical Attribute	Specification Details
Material Grade	Polymer concrete / Stainless Steel EN 1.4301 / 1.4404
Load Class	A15 to F900 compliant with EN 1433 / DIN 19580
System Width	100mm, 150mm, 200mm, 300mm
Gratings & Cover	Ductile Iron / Stainless Steel Mesh / Slot cover
Installation Type	Concrete embedding / Asphalt / Paving
Temperature Range	-40 C to +90 C
Quality Standard	ISO 9001 / ISO 14001 Certified
Manufacturer	STAINLESS TEAM
